Spectacular information-rich landscape designs

- **Industry Specific**
CAD software specifically built for the landscape industry.
- **Hand-Drawn Look**
Pre-drawn symbols and varying line weights make designs look hand drawn.
- **Full Integration**
Import & export AutoCAD® format. Integrate directly with Manage360.
- **Fast & Accurate**
Draw efficiently with time-saving tools. Create accurate take-offs and material lists.

Improve your sales closing ratio by offering 3D presentations!

- **Fast CAD Clean Up**
Sketch3D repairs the imported CAD geometry to allow you to start 3D modeling right away.
- **Component Libraries**
Choose from more than 1,400 pre-built landscape items to add to your 3D model.
- **Texture Libraries**
Sketch3D also includes libraries of landscape textures for the various surfaces of your 3D models.

Transform your drawings into full color masterpieces.

- **Large Plant Database**
Online database filled with Horticopia® content for plant photos and cultural info.
- **Pre-Built Styles**
Choose from three unique rendering styles with hundreds of swatches or create your own.
- **Stunning Effects**
Easily add shadows and transparency to communicate your design's true appearance.

Invest in Professionalism & Productivity

You're not just investing in software. You're investing in significantly bolstering the level of presentations you put in front of your clients, and equally important, investing in enhancing the productivity of landscape architects and landscape designers.
