LIGHT PHOTOMETRICS-6

Manufacturers provide a chart for every lamp or fixture that shows how much light there will be at a certain distance away from the light source and how wide that light beam will be.

This library contains photometrics charts for a variety of fixtures and lamps, including spot lights, flood lights and path lights.

Light Photometrics includes the following figures:

LO4405_25W	LO4208EZY_42W
LO4406_29.5W	LO5012EXT_50W
LO4411_29.5W	LO5024EXZ_50W
